Phenotyping Course Schedule 07

[Phenotyping for Functional Genetics, ME:680.712](#)

3rd quarter/2nd semester: January 10- March 8, 2007;
Wednesday & Thursday 2:30pm - 4:00pm
Room: BRB 801; Enrollment limited to 15.

SCHEDULE (rev 02/01/07)
subject to revision

1) Wed Jan 10 - Brayton - Course format, Introduction to phenotyping, mice and mouse/gene resources and nomenclature

2) Thu Jan 11 - Watson Clinical / Physical evaluation (+ LAB)

Fri Jan 12, – Jerry Ward; NIH NIAID; Lymphoma & leukemias in Mice

12-1pm 801 BRB -- Slide Conference

2-3pm Darner G007 -- Seminar

3) Wed Jan 17 - Brayton - Aging and infectious phenotypes

4) Thu Jan 18 – Reeves – Making Mice

Tue Jan 23, – Comparative Pathology Slide Conference

4-6pm 801 BRB -- Slide Conference

5) Wed Jan 24 – Mitzner – Pulmonary/respiratory Phenotypes

6) Thu Jan 25 – Brayton / Ruben - Clinical Pathology + Anatomic Pathology phenotyping

7) Wed Jan 31 - Brayton / Forbes / Southard et al.

Clinical Pathology + Anatomic Pathology phenotyping

8) Thu Feb 1 - Brayton / Forbes / Southard et al.
Clinical Pathology + Anatomic Pathology

[9\) Wed Feb 7 - IMAGING - SAIRP workshop - students should register + attend](#)

10) Thu Feb 8 - Gabrielson - Phenotyping by ultrasound

11) Wed Feb 14 - Huso - Vascular and Connective Tissue Phenotypes -- *Canceled dt weather*

12) Thu Feb 15 – Student Presentations

[Tue Feb 20, – Comparative Pathology Slide Conference](#)

4-6pm 801 BRB -- Slide Conference

[13\) Wed Feb 21](#) - Hess - Motor Phenotyping

[14\) Thu Feb 22](#) – Pletnikov – Emotional / cognitive phenotyping

15) Wed Feb 28 - Fisser - Fun with Fish: models of development and disease

16) Thu Mar 1 - Huso - Vascular and Connective Tissue Phenotypes (rescheduled)
sign up for auditory demo next week

17) Wed Mar 7 – May - Auditory/acoustic phenotyping

18) Thu Mar 8 - McCallion - What should I phenotype and why?

Tue Mar 20 -- 2nd Annual JH Phenotyping Symposium

Brad Bolon, Guest Speaker on Phenotypic Analysis of Developing Mice

For additional information, contact [Dr. Brayton](#).
